### **Fédération Internationale de la Pêche Sportive en mer (FIPS-M)**

With regard to anti-doping controls, this year 6 tests have been carried out. Here below the list of championships during which the tests were made:

- 2 Controls at World Championship Shore Angling for U21 in Manta Rota (Portugal) (1 during the training and 1 during the competition)
- 4 Controls at the World Championships in Long Casting in Caserta/Italy (during the competition)

All results received are negative: no positive reliefs on doping substances have been found.

### **Fédération Internationale de la Pêche Sportive - Mouche (FIPS-Mouche)**

In the year 2018 FIPS-Mouche (Fly Fishing) continued in carrying out the doping controls on its championships. In total there were carried out 4 anti-doping controls, all of them during the World championship in Comano/Italy: 2 during and 2 out of the competition sessions).

We have received all 4 reports from the WADA representatives - one of them was positive, with prohibited substance of LH.
