

C.I.P.S.

46th CIPS CONGRESS 2024

REPORT

on the activities of the secretariat over the four-year period 2021-2024

Dear ladies and gentlemen,

After the problems following the pandemic lockdown that created some difficulties during the previous two years, the year 2024 represented the definitive resumption of activity in all our specialities.

At the beginning of the year, as always, the secretariat took charge of sending the invoices for the annual affiliation fees of the International Federations, verifying the regularity of the payments.

Current activities have always been carried out by responding to requests received from all the National Federations, also taking care of and sending the documentation required to carry out the activity.

The Secretariat was always present at the meetings of the Presidium, held by videoconference throughout the year and with the direct participation of the Secretary and Ms Barbara Durante at the annual congress held in South Africa, for which we must thank all the organising staff for their active collaboration.

Also joining the secretariat staff were Mr Michele Chiavoni in April and Ms Mary Di Carlo in August, who integrated perfectly into their positions.

There are no particular problems to point out, as the secretarial work was carried out with the usual regularity and with the intention of satisfying every request in the best possible way.

At your disposal for any needs of any Affiliate.

Best regards.

The General Secretary
Luigi Stuari
