On behalf of the Egyptian Angling Federation, it is our great honor and heartfelt pleasure to welcome all distinguished delegates, partners, and friends to Cairo for the CIPS Congress 2026. Hosting this prestigious gathering here in Egypt is a milestone for our federation and a celebration of our shared passion for sport fishing across the world.

**E**gypt has always been a land shaped by water. For thousands of years, the Nile has been the lifeline of our civilization, a source of sustenance, culture, and connection. It is only natural that a country with such a deep relationship to its waters would embrace the spirit of angling — a sport built on patience, respect for nature, and the joy of discovery.

**T**oday, sport fishing in Egypt stands at a moment of exciting growth. From our Mediterranean and Red Sea coasts to the timeless riverbanks of the Nile, Egypt offers unique and diverse angling environments. By hosting this congress, we aim to showcase our commitment to developing the sport, protecting our aquatic ecosystems, and strengthening international collaboration with our friends across all CIPS member nations.

**C**airo, the city welcoming you this April, is a tapestry of ancient legacy and modern energy. As you participate in the meetings and programs of this congress, we invite you to immerse yourself in the rich history that surrounds you — from the awe-inspiring Pyramids of Giza to the treasures of the Egyptian Museum, and from the bustling markets to the vibrant cultural life that fills every corner of the city. We hope you experience not only the heritage Egypt is known for, but also the warmth and hospitality that define its people.

**W**e are privileged to host you and proud to share this moment with the global angling community. May this congress be a fruitful platform for ideas, partnerships, and lasting friendships.

We wish you an inspiring stay in Cairo and a memorable CIPS congress.

**Welcome to Egypt - and welcome home**

**Mohamed Kaddah , EGAF President**
